

Pointe At Beckett Homeowners Association

April 1, 2019

Dear Pointe At Beckett Homeowners:

On March 25, 2019, the Board of Directors for the Pointe At Beckett Homeowners Association voted to adopt the following policy regarding solar panels:

No solar panels can be installed anywhere on any house or anywhere on a lot, including ground solar panels.

This new policy is effective immediately.

Please keep this letter with your Pointe At Beckett documents. Along with Pointe At Beckett HOA's Declaration and By-laws, these Board-adopted policies, rules and regulations are legally binding and enforceable.

Sincerely,

*Pointe At Beckett HOA
Board of Directors*
